SPOKANE VALLEY PARTNERS

Preventing hunger and poverty alongside great community partners

Doing Good is Good for Business.

Through the help of local businesses and corporations, we can help our neighbors thrive today and build brighter futures tomorrow by addressing hunger and poverty.

For 30 years, we have executed our mission through acquiring, storing and distributing large quantities of wholesome and nutritious foods, collecting and distributing clothing and household goods for those in need, providing a safety net through emergency assistance and providing educational opportunities that enhance lives.

Thanks to strong community partnerships Spokane Valley Partners stretches every \$1 donation into 2 meals for children, adults or seniors.

85%

SO MUCH MORE THAN A FOOD BANK

Spokane Valley Partners provides emergency utility assistance for people with no place left to turn. In partnership with Avista, Modern Electric, and Vera Spokane Valley Partners is able to provide financial assistance to residents in the Spokane Valley.

Our Clothing Bank provides clothing, shoes, small kitchen appliances, household items, diapers, personal care items and newborn layettes to those in need.

1 in 3 families struggles to afford diapers. The Inland Northwest Diaper Bank is here to assist community agencies serving families through Eastern Washington. We distribute nearly 100,000 diapers in Spokane County each year for babies in poverty.

In Spokane County 1 in 5 children live in homes that don't have enough food for every family member to lead a healthy life. Food For Thought provides weekend meals for over 500 students each week to help improve school performance, academic success and cognitive development.

Some of our most vulnerable neighbors can not get to our food bank due to age, disability or lack of transportation. Food Express partners with senior housing facilities and Meals on Wheels to distribute groceries to these neighbors in need.

In response to the COVID-19 pandemic the Mobile Food Bank serves neighbors in need by removing all barriers to service. Drive Thru contactless distributions serve over 200 clients each week.
